

Smart Silent Series
12V DC 1nm with Built in Battery

GRACEFULLY INTELLIGENT

Smart Silent Series 12V DC 1nm with Built in Battery

MaestroShield® motors are innovation at its best. Designed in-house by Swedish and American engineers, these industry leading components are the perfect marriage of power, precision and price. Charges just like a cell phone. This motor has no battery tube and is charged by a rechargeable lithium battery. The battery fully charged can raise and lower 180 times. You can recharge the battery up-to 300 times, that is a total of 54,000 times. With only 38 decibel sound output, this is one of the quietest motors on the market. Not only does it have a built in battery but it also has a built in receiver, allowing for slim lines in installation.

FEATURES

- Powered by Rechargeable Built In Lithium Battery
- 38 decibel sound output, quietest motor on the market
- Built-in Receiver
- Easy-to-Set Electronic Limit Switch
- 3 year 100% replacement Warranty coverage
- Lifting capacities in excess of 12 Lbs.
- Compatible with all MaestroShield Remote Control Systems, Crown and Drive for 1 ½ round tubes, and snap on motor bracket fits with 3" and 4" brackets

DC 12V Motor		
Item #	SSWR1201/30	
Torque	(Nm)	1
Speed	(rpm)	30
Tube Diameter	(mm)	25.5
Motor Length	(in)	11
Voltage	(V)	12
Input Power	(W)	11
Current	(A)	450 MA
Lifting Weight	(lbs)	≤ 12
Decibel	(Db)	34-40

MaestroShield® motors and electronics are innovation at its best. Designed in-house by Swedish and American engineers, these industry leading components are the perfect marriage of power, precision and integration. With multiple configurations available, the agility of our motors and electronics puts them in a class of their own. Designed and tested with quality in mind MaestroShield® motors and electronics will greatly enhance your shutter, door, screen and shading applications. These are only some of the reasons why MaestroShield® is superior to the competition in tubular motors and electronics.
