1 Channel Item # EL03-10WM01

6 Channel Item # EL03-10WM06

16 Channel Item # EL03-10WM16

Easily programmed coded channels for unlimited group or zone control

6 channel and 16 channel remotes have an extra channel to control "All" channels

MaestroShield® motors and electronics are innovation at its best. Designed in-house by Swedish and American engineers, these industry leading components are the perfect marriage of power, precision and integration. With multiple configurations available, the agility of our motors and electronics puts them in a class of their own. Designed and tested with quality in mind MaestroShield® motors and electronics will greatly enhance your shutter, door, screen and shading applications. These are only some of the reasons why MaestroShield® is superior to the competition in tubular motors and electronics.
