ALUMINUM END RETENTION ROLL DOWN SHUTTERS

Engineered to be the best, MaestroShield® End Retention Roll Down Shutters are designed for strength and beauty. Our strength has been rigorously tested and certified and span industry leading widths up to 262" and heights up to 350". Our beauty is in the versatility our system which offers the choice of slat venting, multiple colors, and a wide array of motors and electronics that will seamlessly integrate your system providing comfort and convenience.

- MaestroShield's Aluminum Roll-Down shutters have some of the industries highest design pressure capacities and have been issued a notice of acceptance with Miami Dade County, Florida Building Code and Texas Department of Insurance. With a design pressure load exceeding 120 psf, a 13 foot wide by 10 foot high span of MaestroShield's end retention can withstand over 15,000 pounds of pressure.

- MaestroShield's End Retention system, with riveted end retention, provides superior security and protection against intrusion, high speed winds, wind-born debris and Ultra-Violet solar radiation

- MaestroShield's locking bottom slat provides added strength and security

Powder Coating is covered by a 10 Year Warranty. Lifetime Warranty on Aluminum.

All extruded parts are made of 6063-T5 and 6063-T6 aluminum. All cast products are made of A-360 aluminum, both of which are powder coated according to American Standard: AAMA 2605.

MaestroShield® motors and electronics are innovation at its best. Designed in-house by Swedish and American engineers, these industry leading components are the perfect marriage of power, precision and integration. With multiple configurations available, the agility of our motors and electronics puts them in a class of their own. Designed and tested with quality in mind MaestroShield® motors and electronics will greatly enhance your shutter, door, screen and shading applications. These are only some of the reasons why MaestroShield® is superior to the competition in tubular motors and electronics.

Certifications:

Miami Dade County: NOA# 07-0711.02
 Florida Building Code: FL7873-R5, FL7873-R6,
 FL8622-R1, FL12766
 Texas Department of Insurance: SHU150
